Our greatest tool yet.

What makes Dreamfarm so different is not the products we make. It might be what we're known for, but it's not what makes our company so unique.

What makes Dreamfarm so fundamentally different is that, at our core, we believe we exist to solve problems.

We are not a marketing company.
We are not a manufacturing company.
We are not a distribution company.

We are a problem-solving company.

Whether the problem is how to create a peeler that sharpens itself, marketing to a new generation on TikTok, solving supply chain issues through Covid, or how to navigate complex new tariffs, we grow because we solve problems.

A lot of us are living through some of the most uncertain times of our lives. But no matter the reasons, with all the uncertainty does come a silver-lining. An opportunity to have a long, hard look in the mirror, and refocus our efforts on what matters most to our businesses.

So, what is our biggest problem?

We all know the best thing about selling Dreamfarm is that our products solve problems and do new things our customers have never seen before. But we also know the biggest challenge with selling Dreamfarm is explaining to our customers what our products do, and why they should care.

How do we solve this problem? How do we take the excitement of discovering a Dreamfarm product at a tradeshow or in a meeting and take it home to our customers? How do we show our customers what something does if they've never seen it before?

Hello, video.

The solution is short, snappy videos that show your customers exactly what Dreamfarm products do. Better yet, let's put these videos on repeat in your stores. Even better yet, let's make it easy to create a new video playlist in seconds, and make the videos available in lots of different languages.

And that's exactly what we're doing.

Crazy thing is, we've been here before. Any store using a Dreamfarm video player 5 years ago did 3x their previous sales. But the software running the app became outdated and we stopped producing video players because all of our retailers at the time already had one.

But that was 5 years ago.
We're 5x the company we were back then.

Most of our retailers have never experienced the difference a dedicated video player makes to their sales, let alone their Dreamfarm sales. But that's because most other brands don't create products worth watching a video about. But we do at Dreamfarm, and together we're going to show the world.

If there was ever a Dreamfarm tool that could make you think "where have you been all of my life?", our video players are it. Our greatest tool isn't a kitchen tool or gadget, yet it will solve more problems than anything we've ever made.

For all the uncertainty in the world, I am certain a Dreamfarm Video Player will work wonders in your store. Order yours today, see it turn new into sell-through, and let's watch your sales soar.

Onwards and upwards,

Alexander Gransbury
Founder & CEO

The Story of Dreamfarm

Once upon a time in a land down under, a twenty-two-year-old Lego-loving-MacGyver-wannabe named Alex took his first invention, Grindenstëin, down to the local markets to seek his fortune.

As luck would have it, on that day the owner of a nearby kitchenware store happened upon Alex with his creation. 'Hooray!' the man exclaimed, 'people have been asking me for something that does just this, but alas, no one has ever made one. I'd love to sell these in my store!'

It was on that day in 2003 that Dreamfarm, the problem-solving company that grows ideas into inventions, was born.

Three years of selling Grindenstëins by day and assembling them by night, would pass before Alex had gathered enough pennies to launch Dreamfarm's next big idea, Scizza, the pizza scissors! One great idea had grown into two, and soon inventions three and four would follow. As if by magic, Dreamfarm was now available in over 500 stores, all of them hungry to see what nifty new things Dreamfarm would dream up next.

Meanwhile, on a cattle farm not so far away, Phil, a clever curly-haired kid who never could sit still, was finishing up design school and applied to join Dreamfarm. Alex and Phil quickly discovered they shared a rock-solid belief that great design must solve a problem and to be the best, you must do what has never been done before.

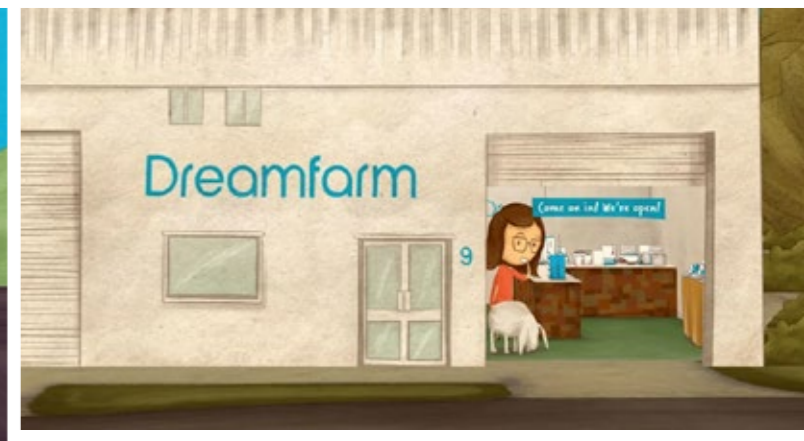

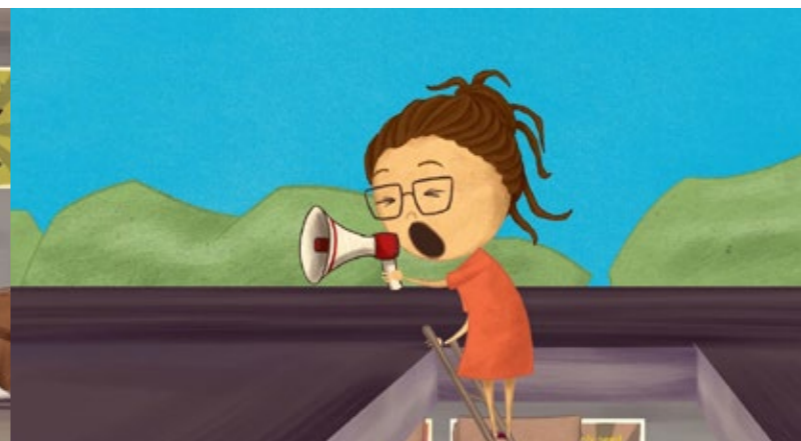

Together, they worked to invent, design, create, and make their ideas into the world's best and most useful things. Like all great ideas do, Dreamfarm was growing.

Next to join the team was Cate, Alex's never-could-keep-a-secret sister, who would make it her mission in life to make sure the whole world knew what they were up to. A decade later, through blood, sweat, tears and Cate singing from the rooftops about their great ideas, Dreamfarm products could be found in thousands of stores around the world.

These days, the team at Dreamfarm is bigger, but they still do all of their inventing and design work themselves in sunny Brisbane, Australia, and they now have over forty original products to their name. If you're ever in town, you should pop in and say 'G'day'. Cate would love to tell you all about their latest creations, and while you'll have to do a little searching for them, somewhere out the back among all the tools and prototypes, you'll still find Alex and Phil in their workshop, tinkering away on their never-ending search for problems that need solving.

Watch and learn more about Dreamfarm.

Different by design.

Award-winning design doesn't just happen.

It starts with identifying problems worth solving, obsessively prototyping, and refining solutions that leave no millimetre to chance.

Ultimately it's about creating something new that seems so obvious people will wonder how they ever lived without it.

At Dreamfarm, it's what we do everyday.

Jot just holds it there

is a suction hook that sticks on anywhere, to hold anything.

101 uses. Stuck it and see.

Jot is the hang-it-all suction hook with countless uses. It sucks or sticks on to hold, hang, or hook just about anything, anywhere.

Designed to suck. And stick.

Jot works best on shiny surfaces like glass or tiles. To use Jot on rough surfaces, suction it to the disc provided and use the tape on the disc to stick your Jot anywhere.

A weight off your mind.

Time, surface texture, and cleanliness affect how much weight Jot can hold but we've tested Jots on mirrors holding over 450g / 1.0lb and they have stuck for years.

A trick worth jotting down.

Jot is made from PVC, which has a memory. If it becomes flat after being stuck down for a long time, a few minutes in hot water will return Jot to its original suction cup shape.

Make sure the suction cup is clean before sticking it to a smooth, flat surface. Clean by wiping it with damp cloth.

Point of Sale

A home for all your great ideas.

Our custom Gondola Fixtures bring your entire Dreamfarm collection together in one striking destination. By making it easier for customers to see, shop, and choose, you'll lift basket size and accelerate sell-through.

Designed to maximise impact and return per square foot, each fixture combines bold branding with a unified product layout. The result: more attention, more cross-purchase, and more repeat sales.

All you need

Available in two sizes:

2 ft Gondola Fixture includes
28 x 8" pegs and 2 x 2 ft shelves.

4 ft Gondola Fixture includes
56 x 8" pegs and 2 x 4 ft shelves.

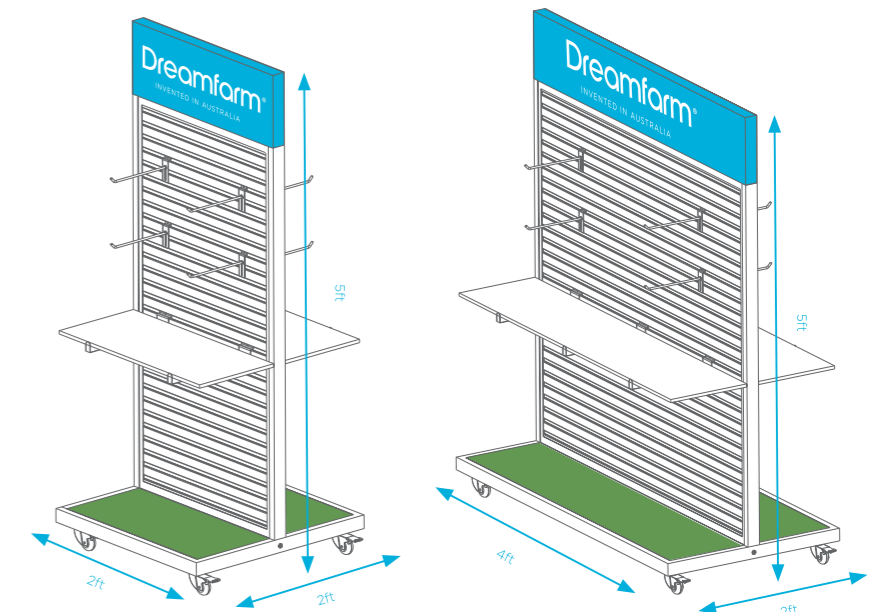

Easy to assemble

Light assembly required, all parts and necessary tools delivered in one box.

Built to last

Constructed from powder coated steel for durability, with locking swivel castors to make it easy to move.

Watch your sales soar.

A Dreamfarm video player stops shoppers in their tracks and brings products to life. By instantly showing how each product works, it answers questions on the spot, and turns browsers into buyers, helping you lift conversion and sales.

New future-proof android app

Our new video player app is easy to use and will automatically update with new videos, so you'll get years of sales out of it.

Ready to go out of the box

Dreamfarm Video Players are preloaded with all Dreamfarm videos. Plug it in, create your playlist, and watch the sales roll in.

Create new video loops in seconds

Play one video or many in an infinite loop. Simply tap to select the products you want to promote and hit 'play videos in a loop'.

Easy to power

Every video player comes with a 15ft power cable to make it easy to connect to the closest power outlet.

Shippers

Let us create unmissable shippers for you! We can customise portable displays to your needs and deliver them pre-loaded with an assortment of your best-selling Dreamfarm tools.

✓ Entire display delivered fully loaded in one box.

✓ Free shipping.

✓ Small footprint that fits anywhere.

✓ Broad assortment of our best-selling tools.

Partner Support

Social is where it's at.

Join our **Social Feed Program** to receive 10 images each month, resized for social media, along with clever captions and hashtags to make posting easy peasy! Email your local Dreamfarm office to sign up.

Don't forget to follow us to see and share all our amazing images and videos, and #dreamfarm so we can share the love too!

Videos and images in a flash.

Would you like digital copies of our images or videos to help you promote our range? Ask your Dreamfarm representative for access to the **Online Retailer Toolkit** to see all our product images and videos in an easy to download format.

Learn from the best!

Introducing **Dreamfarm Sellers**, which provides dedicated content designed exclusively for our retail partners. Our founder, Alex, shares practical tips, tricks, and demo videos that bring our tools and gadgets to life. His insights not only help you understand how each product works, but also make it easier for you to sell with confidence.

From clever demonstrations to insider knowledge, you'll discover new ways to showcase Dreamfarm products, answer customer questions on the spot, and boost sales in-store.

You can find Dreamfarm Sellers on Instagram, TikTok, and YouTube. Follow along and learn how to:

- Demonstrate our products in seconds.
- Explain unique features customers love.
- Build confidence and excitement around the range.

The more you know, the easier it is to help your customers discover their next favourite gadget.
